Wigan, 9. May 2018

To Whom It May Concern:

tremco illbruck, as an organisation, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

**Material Manufacturing Location**

NULLIFIRE FP170 is manufactured in Laurencekirk, Scotland. If Laurencekirk falls within 500 straight-line miles of the project site, the product is considered to be a locally produced material and can help contribute earning Material & Resources Credit.

**Raw Material Extraction Information**

No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

**Rapidly Renewable Raw Material Information**

The rapidly renewable material content is 0%.

**Pre-consumer Recycled Content Information**

all sizes 0%

**Post-consumer Recycled Content Information**

all sizes 0%

**Recycled Content Information**

all sizes 0%

**VOC Content Information**

NULLIFIRE FP170 is a 100% solid material and therefore VOC content is not applicable to the product.

**Additional Information**

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local sales representative.

Sincerely,

Kerry Knowles  
Group Regulatory Manager
